Out of town friends are only a call away

A heart-warming visit when you are lonesome . . . a call to reassure you when you're worried . . . a business discussion with someone in a distant city—Long Distance is quick, personal and satisfying. And it costs so little!

It's Easy to

Call Long Distance

Station-to-Station . . . If you'll talk with anyone who answers at the telephone you call, just tell the operator the town, Area Code and telephone number you want. This is the fastest and most economical way of calling. If you don't know the number, give the operator the name and address and she'll get it for you.

Person-to-Person . . . If you want to reach a certain person, department, hotel room or extension telephone, tell the operator. Charges do not begin until you reach the person, department, hotel room or extension telephone you have requested. Rates for these calls are somewhat higher than station-to-station calls.

Collect Calls . . . If you want to call "Collect", please tell the operator at the time you place your call so she can obtain approval from the person you are calling.

Reduced Rates . . . Reduced rates are in effect every night from 6 P.M. to 4:30 A.M. and at all hours of the day on Sunday and on the holidays of Christmas, New Year's Day and Thanksgiving.

Overseas Calls . . . Calls to practically all the world's telephones can be made from your telephone. Information on countries which can be called and rates may be obtained from the Long Distance operator. Reduced rates apply on calls to many countries during night hours and on Sundays.

Conference Calls . . . Long Distance conference service permits connecting to your telephone persons in different cities at the same time. Ask Long Distance for the conference operator.

Free Personal Directories . . . Just call the telephone Business Office for a copy of the Blue Book in which to list out-of-town numbers frequently called.

Your Long Distance AREA CODE NUMBER

Eventually it will be possible for everyone in the United States to dial long distance calls direct to the telephone being called. Right now, operators in Iowa Falls are dialing most long distance calls just as you will be doing someday.

The nation is divided by areas into a telephone numbering code plan. It will help the operator complete your calls faster if you give her the *Code Number* of the *Area* into which you are calling, in addition to the telephone number of the person being called.

Your area, Central Iowa, has Area Code 515. Your friends, relatives and business associates from outside the Central Iowa area can speed their calls to you by giving Long Distance operators your *515 Area Code* number along with your telephone number. When giving your telephone number to persons who may call you long distance, include your Area Code number so that they will have it to give to the operator when they call you.

The operator does not need your Area Code when you place calls to points within your Area (515). She does need it, however when you make calls to places outside of your home area. Therefore, whenever you obtain a telephone number of a person outside your area be sure to ask him for his area code number. Then write it down in your personal Blue Book of telephone numbers and give it to the long distance operator to help her speed up your calls.

Area Code numbers for some of the many cities that can be dialed direct by operators are listed on page 4.

IMPORTANT NOTICE

Giving Up Party Lines In An Emergency

The Iowa law relating to intentional obstruction of emergency telephone calls reads as follows: **Section 1.** For the purposes of this Act, the following terms have the meanings ascribed to them: 1. "Party line" means a subscriber's line telephone circuit, consisting of two or more main telephone stations connected therewith, each station with a distinctive ring or telephone number. 2. "Emergency" means a situation in which property or human life are in jeopardy and the prompt summoning of aid is essential. **Section 2.** Any person who shall intentionally refuse to relinquish immediately a telephone party line or public pay telephone when informed that such line or telephone is needed for an emergency actually existing as defined in Section 1 of this act, for use in calling a fire department or police department, or for medical aid or ambulance service, shall be fined not exceeding one hundred dollars, or be imprisoned in the county jail not exceeding thirty days. **Section 3.** Any person who shall secure the use of a telephone party line or public pay telephone by falsely stating that such line or phone is needed for an emergency call shall be fined not exceeding one hundred dollars or be imprisoned in the county jail not exceeding thirty days.

DIALING A LOCAL CALL

- 1. LOOK UP
and
JOT DOWN
the number.**

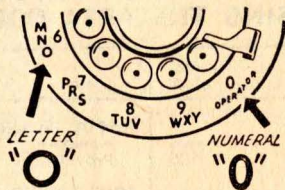

- 2. HEAR
the
DIAL TONE
before you
dial.**

- 3. DIAL CAREFULLY**

Dial the number in the order in which it appears in the directory. In Ames, dial all 7 digits (two letters and five numerals). In Collins you may omit the two letters and dial only the last 5 numerals (Colo the last 4 numerals) when dialing a local call. Be careful not to confuse the numeral "0" with the letter "O".

SERVICE SIGNALS

The soft "burr-r-ring" sound repeated at regular intervals means that the telephone dialed is ringing. Give the person called time to answer, about 10 rings, before you hang up.

A steady "buzz-buzz-buzz" sound means the called line is in use. Hang up and call again later.

If you do not hear one of these signals within a reasonable length of time, hang up for a few seconds and dial the complete number again. If, after a second attempt, you do not hear a signal or receive an answer, dial Operator and report the condition to her.

IF A MISTAKE IS MADE

If a mistake is made while dialing or your finger slips from the dial before it reaches the finger stop, replace your receiver for a few seconds. Then start your call again.

HOW TO MAKE EMERGENCY CALLS

The quickest way to report a fire or other emergency is to dial the number as shown on Page 1. If at any time you need assistance in placing or completing a call, dial Operator. Explain the situation to her and she will be glad to assist you.

USE OF PARTY LINES

When using party lines, always listen for the dial tone before starting to dial. If you should hear successive clicks in your receiver, indicating that another party on the line is dialing, hang up your receiver and make your call a little later.

In case you do not hear the dial tone and no one seems to be using the line, inquire whether the line is in use. If there seems to be no one on the line, replace your receiver for a few seconds. Then remove it and the dial tone should be heard.

HOW TO CALL ANOTHER PERSON ON YOUR LINE

IN AMES

Dial the listed number. If you are on a two-party line, you will hear the busy tone. Then hang up and your bell and the called telephone will ring. If you are on an eight-party line, you will hear a high whistling tone. Then dial the "Party Code" number shown on the number plate on your telephone. Hang up and your bell and the called telephone will ring. The ringing will stop when the called telephone is answered. Then remove receiver and start your conversation. If no answer, remove receiver for a few seconds and replace it to stop the ringing.

IN COLLINS AND McCALLSBURG

On completion of dialing, an interrupted busy tone indicates that the party being called is on your line and that you should hang up to allow the called station to be rung. Please wait 15 to 20 seconds before removing handset to talk. On answering a call, an interrupted busy tone indicates someone on your line is calling you and that you should hold the line until calling party lifts handset to talk.

IN COLO

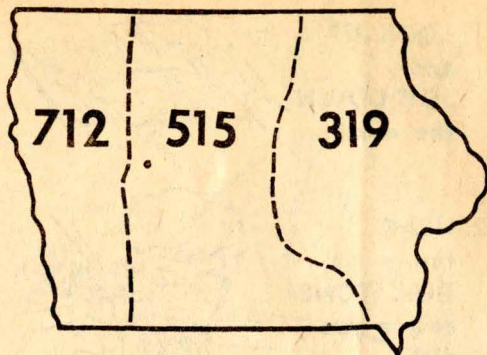

Dial 8—the last digit of your number—the last digit of the called number. Replace receiver. Your telephone and the called telephone will ring at short intervals. When your telephone stops ringing, your party has answered. Then remove receiver and begin conversation. If no answer, lift receiver and replace it to stop the ringing.

YOUR LONG DISTANCE AREA CODE NUMBER

515

Eventually it will be possible for everyone in the United States to dial long distance calls direct to the telephone being called. Right now, operators in Ames are dialing most long distance calls just as you will be doing someday. It will help the operator complete your calls faster if you give her the CODE NUMBER of the AREA into which you are calling, in addition to the telephone number of the person being called.

The nation is divided by areas into a telephone numbering code plan. Your area, Central Iowa, has Area Code 515. Your friends, relatives and business associates from outside the Central Iowa area can speed their calls to you by giving Long Distance operators your 515 AREA CODE number along with your telephone number. When giving your telephone number to persons who may call you long distance, include your Area Code number so that they will have it to give to the operator when they call you.

The operator does not need your Area Code when you place calls to points within your Area (515). She does need it, however, when you make calls to places outside of your home area. Therefore, whenever you obtain a telephone number of a person outside your area, be sure to ask him for his area code number. Then write it down in your personal Blue Book of telephone numbers and give it to the long distance operator to help her speed up your calls.

GENERAL TELEPHONE INFORMATION

TELEPHONE DIRECTORY

The directory is an important aid in providing good and prompt telephone service. If your directory is no longer serviceable, please call the Business Office.

Every reasonable precaution is taken to avoid errors in and omissions from the telephone directory, but the Telephone Company does not guarantee listings therein and shall not be liable for damages arising out of errors in or omissions from the directory except as provided for in its filed regulations and tariffs.

Directories are the property of the Telephone Company and are to be returned to the Telephone Company on request. No binder, holder or auxiliary cover shall be attached to, or used in connection with, the directories owned by the Telephone Company except such as may be provided by the Telephone Company, and such other binder, holders or auxiliary covers which contain no advertising, and do not impede reference to essential service information or otherwise interfere with service.

Directories of other cities can be obtained at a nominal cost. Directories of larger cities are available for use by the public in many Business Offices.

REGULATIONS AND RATES

Regulations and Tariffs governing the furnishing of services by the Telephone Company are on file in Telephone Company Offices. If you wish, a representative will be glad to assist you in obtaining information from them.

TELEPHONE ATTACHMENTS

All equipment needed to provide telephone service is owned and furnished by the Telephone Company. In the interest of safety and good service, no attachment to the Telephone Company's line or apparatus is permitted which may—

(1) damage, require change in or alteration of, or involve direct electrical connection to the equipment or other facilities of the Telephone Company—

(2) interfere with the proper functioning of such equipment or facilities, or impair the operation of the telephone system, or in any other manner injure the public in its use of the Telephone Company's services—

(3) endanger the public or the Company's employees.

TELEPHONE MOTION PICTURES

Entertaining and informative sound motion pictures on telephone subjects are available free of charge for audiences, such as: School, College, Fraternal, Church, Business, Parent-Teacher, Trade, Professional, Rural, Women's Groups and Civic and Service clubs. A descriptive catalogue of films is available upon request.

TELEPHONE RECORDING SIGNAL

If you hear a high "beep" tone over your telephone about every 15 seconds, it means the person with whom you are talking is recording your conversation. This signal is provided by the Telephone Company for your protection. Use of a recorder without a tone-warning device is contrary to the Company's tariffs and not permitted. If you do not want your conversation recorded, ask the person with whom you are talking to disconnect the recorder.

SUSPENSION OF SERVICE

When you are to be away from your residence for an extended period, you may arrange to have your telephone service temporarily suspended at a reduced rate. You may retain your telephone number and there is no charge for resumption of service upon your return.

PRIVATE SWITCHBOARD ASSISTANCE

If you have a private switchboard or other special service arrangements, Telephone Company Service Representatives will help you solve any service problems you may have.

TELEGRAMS BY TELEPHONE

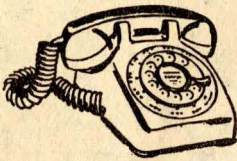

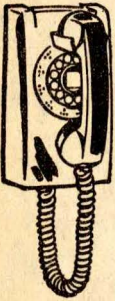

You may telephone telegrams, cablegrams and radiograms to the Western Union Company and have the charges placed on your telephone bill. (Applies to N. W. Bell Telephone Co. Exchanges.)

MODERN TELEPHONE SERVICES

There are many new and special telephone services to meet your home and business needs. They are designed to make your service more valuable and convenient. For information just call our Business Office.

EXTENSION PHONE SERVICE

Enjoy the convenience of step-saving extension telephone service. Choose from table-top phones in nine colors or wall phones in eight colors to blend with or accent the color scheme of home or office furnishings.

THE PRINCESS PHONE

A compact, modern extension phone that comes with a light-up dial which becomes a soft night-light at the flick of a switch. It is available in beige, blue, pink, turquoise and white.

ADDITIONAL DIRECTORY LISTINGS

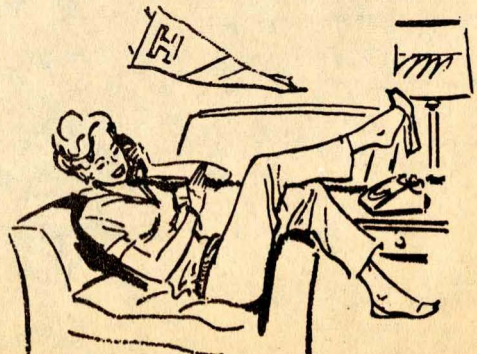

Jones Alvin T 123 Main-----CH 4-6161

Jones Mary 123 Main-----CH 4-6161

For family members, friends or relatives living in the same household, or key people and department heads in business firms, a separate listing in the telephone directory makes it easy for friends to locate them.

ADDITIONAL TELEPHONE LINES

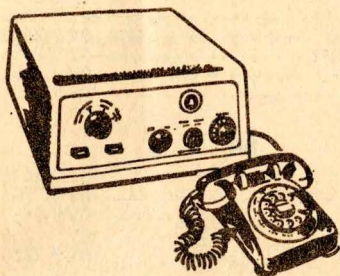

A separate number and line for your home or place of business makes it easier for friends or customers to call. Ideal, too, for large families and for "teen-agers".

MODERN TELEPHONE SERVICES

SPEAKERPHONE

A special microphone and small loudspeaker associated with this telephone enables conversations to be carried on without lifting the receiver . . . freeing both hands while you talk. It also can be used as a regular phone.

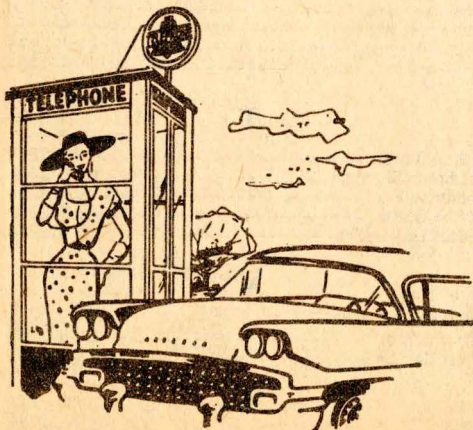

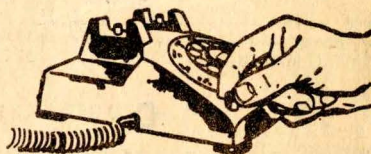

AUTOMATIC ANSWERING PHONE

No need to miss important calls when you're away for this equipment automatically answers the telephone and if desired, records the caller's message.

VOLUME CONTROL PHONE

A turn of a button steps up the volume of this phone without distortion for those whose hearing is impaired. The volume can be regulated as desired for others.

YOUR PHONE AWAY FROM HOME

Conveniently located public telephones are for your use when away from home or office. Instructions on how to use them are mounted on the telephone.

This home is tele-zoned with three extension phones for only about a dime a day. The main telephone is in the living room — extensions are located in the bedroom, kitchen and basement.

Better Living for You and Your Family

with "TELE-ZONED" TELEPHONE SERVICE

The TELE-ZONES of your home are the areas where your family lives, works, sleeps and plays. Telephones in each tele-zone save steps, trouble and time... give you new work-day and leisure time comfort... let you talk without disturbing others and without others disturbing you.

It's easy to plan tele-zone telephone service — your Service Representative will be happy to help you — just call the Telephone Business Office.

Ames Civic Information

Historical

The land upon which the village of Ames was later established was originally purchased from the government by Mrs. Cynthia O. Duff. On November 26, 1864 this property was deeded by Mrs. Duff to John I. Blair and in July, 1864 the first settlement was made and the Cedar Rapids and Missouri River Railroad (now the Chicago and North Western Railway) was built west to this community.

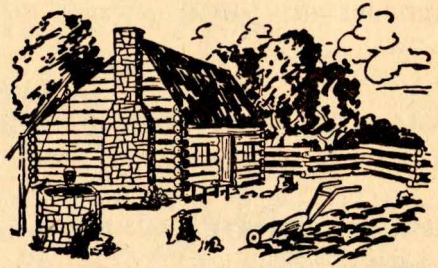

In 1865, The John I. Blair Land Company laid out and platted the original town of Ames, consisting of twelve blocks located north of the Chicago and North Western Railway Company's right of way; and between Duff Avenue on the east, Burnett Avenue on the west, and Eighth Street on the north.

The settlement was named in honor of Oakes Ames, a Massachusetts Congressman, who was financially interested in the building of the, then, Cedar Rapids and Missouri River Railroad. Congressman Oakes Ames donated a church bell to the Congregationalists in honor of their erection of the first church in the town. There are now 27 churches in Ames with many other denominations holding services in special halls and in Memorial Union.

In 1866 Ames was successful in its struggle with Nevada, the county seat, for the location of the "narrow gauge" railroad to Des Moines. This railroad known as the Iowa and Minnesota Railroad was not completed until 1874. Later in the Seventies, this railroad was extended north into Hamilton County to a prairie station, called Callanan, long since abandoned. The railroad after being operated for several years was purchased by the Chicago and North Western Railway Company and widened by them to standard gauge.

In 1859 the citizens of Story County voted \$10,000.00 in bonds and assisted in raising an additional \$11,000.00 in cash and land to secure the location of Iowa State College of Agriculture and Mechanic Arts. The first legislative appropriation for buildings was made by the state in 1864. The school was formally opened on March 18, 1869, with A. S. Welch as President.

The 1959 session of the Iowa Legislature approved a change in name to Iowa State University of Science and Tech-

nology effective July 4, 1959. The present total value of land, buildings and equipment of Iowa State University is about \$43,390,000.

Ames was incorporated as a village in 1870 and became a city of the second class on November 13, 1893. Results of the 1960 census placed Ames as a city of the first class with a population of 26,975, including college students. At the time of incorporation in 1870, there were 656 residents.

Ames is located in Story County, close to the geographical center of Iowa, 33 miles north of the State Capital, Des Moines. The city is at the junction of two major transcontinental highways—U. S. 30 and U. S. 69, and is on the main line of the Chicago and North Western Railroad. Bus service is provided in the city by the Midwest Transit Company and out of the city by the Greyhound and Jefferson Bus Lines. Air service is provided by the Howard Flying Service, located at the Municipal airport.

Ames has a city daily newspaper published 6 days a week, a student daily newspaper published 5 days a week, two radio stations, KASI and WOI, and one television station, WOI-TV.

Many state and federal institutions and offices are located here, among which are the Iowa State University, the Iowa State Highway Commission, Iowa Agricultural Extension Service, Soil Conservation Service and National Animal Disease Laboratory.

Among recreation facilities in Ames are 3 theaters, 1 drive-in theater, 2 athletic fields, 2 field houses, 2 gymnasiums, 3 public golf courses, 3 swimming pools, 4 bowling alleys, 1 skating rink, 1 billiard parlor, the Ames Golf and Country Club, the Ames Municipal Airport. 166 acres of park area and hundreds of public events annually—music, lectures, dramatics, athletic and social events.

SAFE
TRAVELING

ARE YOU IN CHARGE OF A SCHOOL, ORGANIZATION, COLLEGE CLASS, OR GROUP, WHO IS CONTEMPLATING A TRIP TO ANY DESTINATION? IF SO, CONSIDER THE FOLLOWING REASONS WHY YOU SHOULD CHARTER A BUS:

- Your Group stays together and lessens responsibility.
- Avoids traffic problems and many road hazards, and is much safer than a caravan of cars.
- Eliminates Parking Problems.
- Passengers are fully covered by Insurance.
- Our Charter Service is dependable, comfortable, and low in cost.
